?13	23		,															0	

2) Bring the tablet or smartphone into the WIFI

 Enter the WIFI password in the 	Settings				
tablet under "Settings" under	Join user experience program				
"Network & Internet"	Add emergency information				
	Add another email account				
WIFI	Lenovo ID Not logged in				
	Vetwork & Internet WLAN, Data usage and Hotspot				

3) Download the Remote App from App Stores:

Android

download from Google Play Store

iOS

download from Apple Store

4) On the tablet or Smartphone

• Start the Magic Horizons app

 Choose whether you want to connect one pair of glasses or several pairs of glasses

МН арр

 Click on the flashing WIFI icon to connect

Connect

A session number is automatically created on the tablet
 Session Nr.

5) In the VR glasses

Click on the "connect" icon with the green laser beam

Connect

 In the list of sessions, the same session number appears as on the tablet or smartphone. If several VR glasses and tablets or smartphones are used, the appropriate session numbers must be selected

• VR glasses and tablet or smartphone are now connected. VR glasses are now controlled by the tablet. Or smartphone.

6) Tablet operation

 In the tablet main menu, you can choose between the Trailer the Playlist and the Single Applications, set the language, volume and the sitting/lying position

Single application

- The individual VR applications are started in the Single Application menu
- Use the white arrows to scroll to more
 VR applications
- Clicking on the white door symbol at the bottom takes you back to the main menu
- After clicking on a VR application, it starts and you are in the playback menu
- There you can adjust the volume, pause, see a video that shows what is happening in the VR glasses and see the remaining time
- Clicking on the "X" symbol ends the running VR application and you are back in the Single Application menu
